

TECHMIND

Profile

The Tech Path is Not Linear – We Light the Way.

WHO IS TECHMIND?

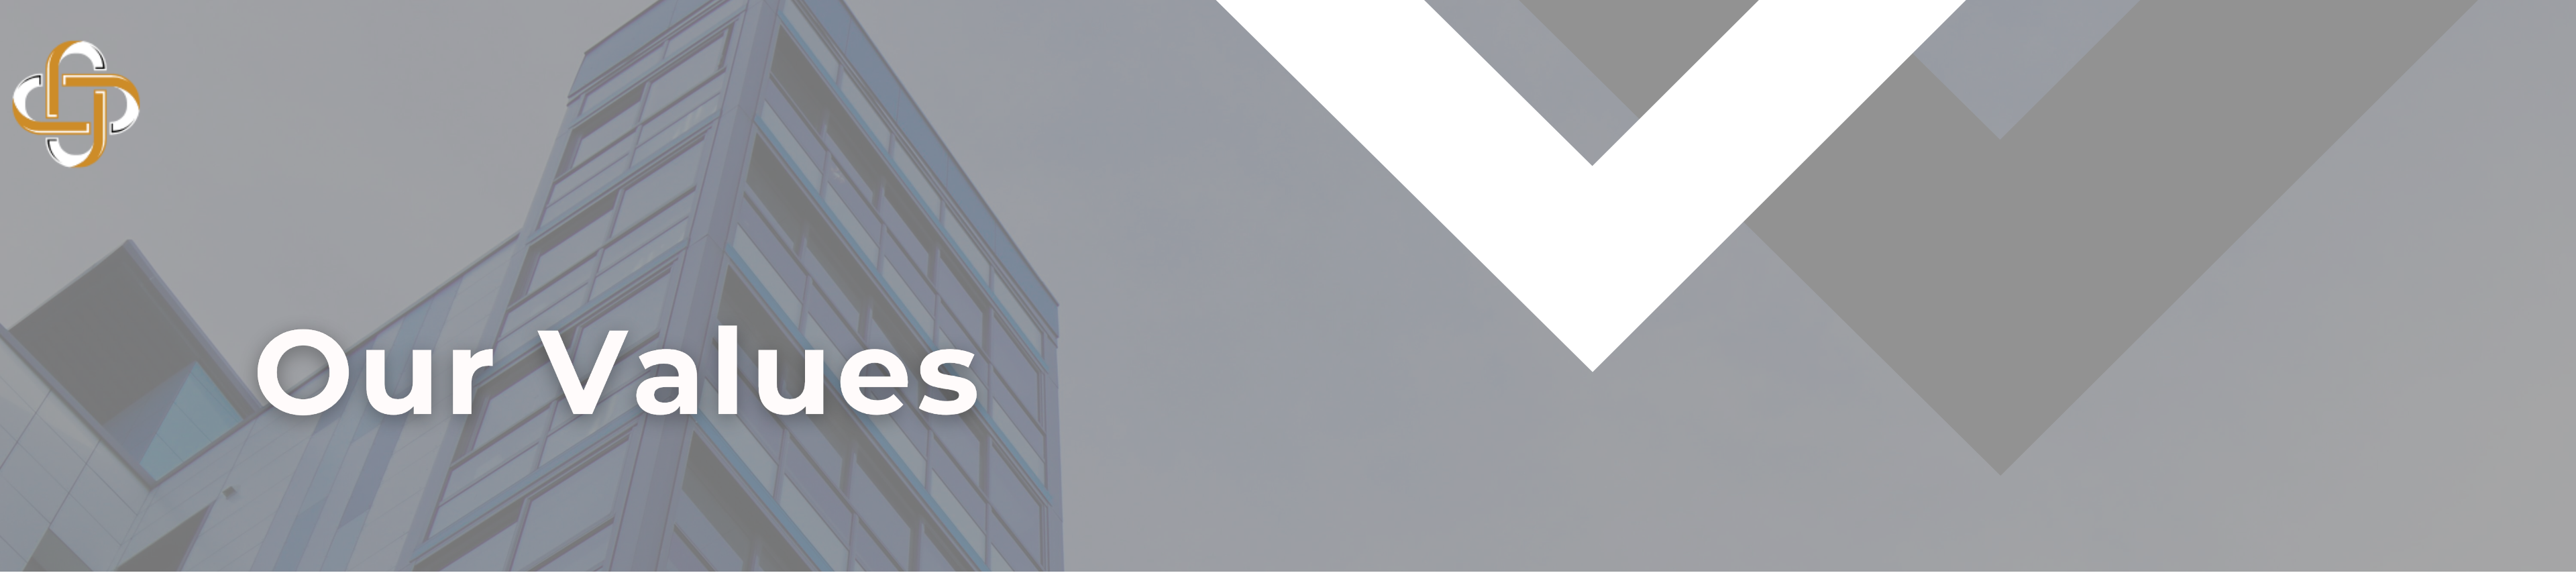

Techmind is the empowerment engine of Crystals Business Solution (CBS), designed to guide, mentor, and train individuals at various stages of their tech journey.

Whether you're:

- completely new to tech,
- a working professional overwhelmed in your new IT role, or
- an IT expert preparing for high-value certifications –

Techmind meets you where you are.

Our Values

Confidence

We nurture self-belief through support and mastery.

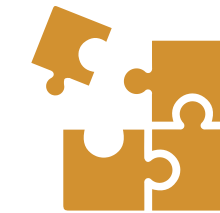

Competence

Our goal isn't "course completion," it's skill retention.

Clarity

No jargon, no fluff. We teach tech in plain language.

Customization

One-size-fits-all doesn't work. We adjust to your level.

Vision

To create a world where anyone, regardless of background, can confidently thrive in tech and business—by delivering accessible training, consulting, and digital solutions that drive real-world impact.

Mission

- ◆ To demystify tech for beginners
- ◆ To mentor & onboard new tech employees with hands-on guidance
- ◆ To provide accessible, tailored, and practical training for sustainable success in tech careers

Formats

- › **1-Day Masterclasses (Azure, Cybersecurity)**
- › **2-Week and 4-Week Bootcamps**
- › **Brush-Up Sessions (Per Hour/Per Need)**
- › **Virtual, In-person & Hybrid Sessions**
- › **Mock Exams + Simulated Work Tasks**

Our Cognitive Profile

Techmind is built on one cognitive foundation: “Transformation through contextual intelligence.”

We understand:

- Beginners need visual, experiential learning
- Busy professionals need compressed and targeted instruction
- Certification seekers need strategic guidance & mock readiness
- Overwhelmed new hires need hands-on, live walkthroughs

So we design learning to be:

- Adaptive – based on your pace and comprehension
- Engaging – real-world case studies, not just theory
- Supportive – through mentorship, feedback, and access to instructors

Our Goals

Why not just use YouTube or buy a course on Udemy?

Here's why Techmind stands out:

- Generic Platforms? Techmind
- One-size-fits-all? Personalized learning paths
- No mentorship? Live mentoring & feedback
- No context? Localized and real-world use cases
- Self-paced confusion? Guided structure with expert check-ins
- Just theory? Practical, job-ready hands-on sessions

OUR OFFERINGS (Tailored Tracks)

1. Tech Transition Track – for career changers with 0 background
2. Certification Track – Agile, PRINCE2, Azure, Cybersecurity
3. New IT Employee Support – for early professionals needing walkthroughs
4. Custom Mentorship – book a tutor for brush-ups, exam prep, role onboarding

Start Where You Are. Grow Where You're Headed.

**Tech isn't for the elite — it's for the
intentional. We build minds that
thrive in digital.**
